1624 Dispatch received a report from RC Dispatch of an "older model box pickup" headed westbound on Hwy. 2 at MM 570 that was all over the road. The RC Dispatch said her RP advised the vehicle was also speeding and the RP did not feel comfortable passing the vehicle due to its driving behavior. A deputy was notified. A deputy followed that vehicle for a while, but didn't see any bad driving behavior.

2215 At 2124 a female caller stated her out building burned down. No other structures were in any danger. She didn't want the fire department or other officers called as the fire was out. She stated the building was completely gone and thinks it was due to her having a battery charger on a vehicle and this happened because it was so cold. This message was also given to a deputy for FYI purposes.

Sunday, Dec. 18, 2016

0124 A female caller with the Elk's advised they have a couple fights that have broken out in the back bar.

0234 There was a false alarm reported at Ft. Peck.

0927 A male caller received a report that there was damage to his dad's fence in Glasgow. He arrived on the scene to find a vehicle went down in the ditch and took out about 1,000 feet of fence line. The caller advised there were tracks and beer cans all over, but no vehicle. MHP was notified. He advised this crash happened on the night of the 17th of December. Another officer has fender pieces of a Dodge that should have damage to the front and passenger side. The vehicle hit a fence and drug it a ways, then was able to get out on its own, so should be a 4x4, unknown color.

1229 A black and white pit bull was reported going up the hill at 5th Ave. N by the Housing Authority house. The dog was barking and when you try to get close to it, it growls and backs up. Officers will be notified when they clear from break.

1421 Dispatch received a 911 hang-up call from an area of an intersection in Glasgow. It appeared to either be in the yard of an address on Kampfer Dr. or a yard on Jet Dr. The call was

showing up right on the property line of the two addresses. Dispatch tried to call them back, but received a message saying the voicemail was not set up yet. At 1434, an officer spoke with a male at the residence who said he got into a verbal argument with his girlfriend who took off. He advised there was nothing physical. Dispatch was unable to reach the female who called in.

1504 A Nashua female reported a gas leak on her propane tank at her residence. She has tried to get in touch with someone from Ezzie's, but hasn't been able to reach anyone. She has nothing with an open flame near the tank. Dispatch called a man for help, and left a message on his cell phone. A deputy requested to respond, who notified someone who was going to call the caller back. The address was on Whately. The deputy reported the smell had gone away and they think it may have been the methane gasses coming down from the exhaust on the roof. They spoke to Ezzie's about this and they are no longer going to come out there.

2244 An alarm company called and stated it was another

false alarm at Ft. Peck, and to cancel the call.
