LAST WEEK'S ANSWERS

Refuse District Fees Rise, Hearing Set for August 7

FOR THE COURIER

At the July 17 Valley County Refuse Disposal District #1 meeting, the board voted to propose an increase in per-unit fees from \$120 per year to \$145 per year. If approved, Valley County residents will see this increase in their No-

vember 2019 tax statement. The last increase in fees was in 2012; this \$25 increase represents a three percent increase per year for the period from 2012 to 2019.

This action was taken to address a \$72,000 shortfall in the budget for the fiscal year 2019. The increase will generate

\$122,500 per year. The decision of the board to increase the fees beyond the expected 2019 shortfall was made in order to not have to raise fees again for several years.

Costs continue to rise in the operation of the landfill, not just due to inflation and increased

regulatory requirements, but also due to ever-increasing misuse of the container sites. As more and more residents have dump trailers, the operators of the landfill have seen an increase in dumping of large loads that should be coming across the scale. This increases costs for the landfill in

two ways: by loss of revenue that would come from tonnage fees, and increased costs of moving the containers.

The proposed increase must be approved by the county commissioners. There is a public notice posted elsewhere in *The Courier* this week and in next

week's issue advertising a public hearing on this fee increase. The hearing is scheduled for Tuesday, Aug. 7, at 11 a.m., in the office of the Valley County Commissioners. The Refuse Disposal District Board and the Commissioners welcome your ideas on the operation of the landfill.

another man. He said he received a bloody nose and a mark on the side of his forehead. He had his son take photos of the injuries. He said the other man has left the area headed towards Opheim. When contacted by a deputy, the caller was unsure if he wanted to press charges. He wants to speak with the county attorney first.

1506 – The male caller from the above reported to a deputy that the male who assaulted him is going to come up to the property in Opheim and mow and he doesn't want him on the property. He wants the man to be told that he cannot be there. The deputy informed him that they would not be able to tell him that, so the complainant had his son go tell the other man that he can't be on the property.

1517 – A woman reported receiving a call from someone she could barely understand that said they were from Social Security. She told them she knew they were trying to scam her and they hung up on her.

1627 – A Valley County Transit employee reported receiving a call from a woman requesting a ride to the emergency room for an issue with her heart. She was told that the transit does not transport people to the emergency room per policy and advised her to call an ambulance. The woman said she tried to call for an ambulance, but they told her to call the transit. Dispatch had not received a call from the woman and it wasn't the first time she had done this.

1649 – Received an anonymous report of three little kids walking down the four lanes by mental health headed westbound. The oldest, who appeared to be about eight, had on shoes but the two younger ones, maybe six and four, didn't have shoes on. The caller was concerned about proximity to traffic and that some of the kids didn't have shoes or water. An officer advised that he just drove by the kids and they were fine and staying out of traffic. He went back and picked them up and gave them a ride to where they were staying with their aunt.

1728 – A man reported that a fifth-wheel camper just went through the underpass and ripped off the air conditioner unit. He had pieces of it fall all over his pickup. Officer responded and cleared some of the plastic pieces from the roadway, but was unable to locate the camper.

2046 – Two women reported

having issues with someone taking things out of a house. The lawyers said the house is in probate, but there is someone there taking things out. One of the women will find the letter that says they cannot take anything from the house and bring it in. An officer was notified. It was determined to be a civil matter.

Tuesday, July 17, 2018

0329 – An officer checked on a vehicle that has been running for two hours.

0911 – A man spoke with a deputy about another man taking a Millermatic 251 welder and a Husqvarna chainsaw that belong to him without his permission. The man doesn't want to report it as a theft at this time. He wants to talk to the other man first.

1013 – A man received a letter last week from American Coradius International, which is a collections company for PayPal. The letter said he has an outstanding balance of \$72.43. The email address associated with the account has his last name in it but it is not his email address. The man contacted PayPal and they sent a cease and desist letter to the collection company. The man then contacted the company, who said they haven't received anything but suggested he send them a copy of the police report, so he needs to file a report.

1202 – A man advised that he had four dogs at his place this morning before he left. Three were pit bull/bulldog type mixes and one was a stray collie-type dog with a collar. He said he spoke with one of the employees of Ezzie's Westend and she told him who she thinks the dogs belong to. When he came home for lunch, two of the four dogs were still around and he is sure the other two are in the area as well. He said they were hiding by the garage this morning trying to get in. The man said he has never had the dogs at his place before and he thinks maybe a welfare check might need to be made on the possible owners to make sure they are all okay. He said the collie-type dog is black with a white ring around his neck and a collar. The biggest of the mix is a male, brown in color with white on his ears and the two other mixed are white females. A deputy spoke with the owner and he will go pick them up.

1435 – A man advised that there are two females digging through the trash "like rats in a dumpster." He said they have been in there for about an hour to an hour-and-a-half. He told dispatch who the vehicle belonged to that the women were in and gave the names of the two wom-

en. He also advised that there is a child in the vehicle. The man said people dumpster dive all the time, but this isn't dumpster diving. This is something else. He said he didn't know if they were tweaking or what exactly is going on with them, but he thinks an officer should come check it out. A deputy responded and determined that they were just dumpster diving. However, one of the women had a warrant and an arrest was made.

1720 – A man reported that a beagle was tied to the road construction signs just off of Highway 2 and Landfill Road west of Nashua. He doesn't know if the dog belongs to one of the construction workers or not but no one is around the dog and the dog has no water or shelter. A deputy advised that a man came by and picked up the dog and it is no longer on the side of the road. It did have a little bit of water and shelter.

Wednesday, July 18, 2018

0934 – An officer reported a piece of concrete that has popped up in the eastbound lane of Highway 2 by the Dairy Queen. MDT notified.

0938 – A woman spoke with a deputy about a semi that has been parked partially in the northbound driving lane on New Deal Road. She is concerned that it could cause an accident and would like the registered owner talked to about it. Responding deputy determined that it was far enough off the roadway that it wasn't a hazard.

1134 – A woman reported receiving a call from a person in Jamaica saying they were from Publisher's Clearing House. They told her she had won money and a car. She hung up on them when they told her that she needed to pay them money. They called her right back, but she did not answer.

1227 – A report came in about a female passenger on the west-bound Amtrak that was coming into Glasgow. The female is saying that she has a gun in her bag and she keeps pointing at people and telling them that she is going to shoot them. The woman got onto the train in Wil-liston and is headed to Whitefish. Reporting parties say she keeps saying she has a gun, but no one has seen one. She is using her hand to point at people and says, "Pop, pop, pop. I'm going to shoot these kids." An arrest was made.

1448 – A woman reported that she received a call yesterday morning from a young male saying he was her grandson and had been arrested because his friend

had cocaine in the car. They then put a male on the phone that identified himself as an officer and said he needed \$3,000 to get the kid out of jail. The woman gave him the \$3,000.

1603 – A man reported that someone parked a trailer in the parking lot of the Evangelical Church and they do not know who parked it there.

2203 – An officer received a report of a black car or truck that is swerving all over the highway. The vehicle could not be located.

2228 – An anonymous caller reported a man in Alley's Palace. He wasn't wearing a shirt and was acting erratic. The man had a warrant and an arrest was made.
